

Formula 340

Multi-Purpose Degreaser

FORMULA 340 is an advanced heavy-duty degreaser that combines effective cleaning power with environmental safety. It removes heavy industrial grease and oil deposits from a variety of surfaces quickly including: concrete, metal, painted, plastic, aluminum and other surfaces. Formula 340 can be used indoors/outdoors using tank sprayers, mops, scrubbing brushes and is ideal for use in automatic scrubbing machines.

Low Foaming

Formula 340's controlled foam allows automatic scrubbers to operate efficiently.

Use in Part Washers

Formula 340 is a great choice to use in part washers, it's low foam formula prevents foam build-up and cleans most oil and grease from metal, aluminum or plastic parts without corrosion.

Environmentally Friendly

The biodegradable ingredients used in FORMULA 340 make this a product of the future. It does not contain phosphates, solvents or caustics, instead, a highly active degreasing surfactant is combined with an effective builder system to give high performance cleaning.

FORMULA 340 is buffered to maintain a high pH while cleaning. Extended dilution ratios also make this an economical product to use. FORMULA 340 is safe for use on aluminum.

USDA A-4

FORMULA 340 meets USDA performance standards for A-4 types products.

NOTE: Use only on surfaces resistant to alkaline cleaners. Floor finish and other sensitive surfaces may be adversely affected.

Safety First: Rubber gloves and safety eyewear should be used when cleaning by hand.

Low foam degreaser for use in autoscrambling concrete floors.

Properties

Appearance	Orange liquid, mild aroma
pH.....	> 13
Specific Gravity.....	1.06
Flashpoint.....	None
Use Dilution: (Concrete).....	Heavy soil - 1:32 (4 oz./gal.) Light soil - 1:128 (1 oz./gal.)
Foamability.....	Low/Moderate
Hardwater Tolerance	Good
Detergency	Very good
Phosphate-Free.....	Yes
Biodegradability.....	Excellent
Storage Stability	Excellent, 1 year minimum under normal conditions.
Freeze-Thaw Stability.....	Will freeze. Agitate after thawing.
